

Priceline Pharmacy Forster

I would like to introduce myself, **Gavin Hodges**, as the new proprietor of **Priceline Pharmacy Forster**.

I have moved to Forster with my wife Narelle and three children Lily, Sarah and Simon.

After being managing partner of Blooms the Chemist at Ballina for 5 years we moved to Newcastle to be closer to family.

Previously I have worked in London as a locum pharmacist in hospitals including the Royal Brompton, Hammersmith as the Cardiac and Renal Ward Pharmacist and St John's Dermatology in St Thomas's.

The pharmacist team at **Priceline** has a combined experience of over

100 years and I feel privileged to join them and bring a fresh energy and direction.

We dedicate ourselves to provide premier service combined with great value achieved through the buying power of 180 locally owned pharmacies.

- There are generally three pharmacists available at any time to help discuss your health and medication needs. Our pharmacists are available for private appointments to discuss extended

- Join our **EASY SCRIPTS** program – never run out of your medication again with our reminder service. Just leave your scripts at the pharmacy and let us do all the work. Phone ahead so you don't have to wait or use our **FREE** Delivery Service (conditions apply).
